## Experience

### General Assembly

Boston, MA

#### Web Development Immersive

Mar 2017 to Jun 2017

- Completed a rigorous 3 month coding boot camp focused on full-stack web development.
- Worked individually and in teams using Agile methodology and Git/GitHub for version control.
- Designed and built several full-stack single-page web applications using HTML, CSS, and JavaScript for front end and Ruby on Rails, PostgreSQL, and MongoDB for back end.

### Market Metrics

Boston, MA

#### Research Director

May 2015 to Mar 2017

Responsible for survey-based research, including:

- Ensuring timely and accurate completion and delivery of survey results for over 20 yearly studies requiring roughly 30,000 interviews per year
- Collecting feedback from internal and external sources, as well as conducting independent research, to inform survey design, redesign, and other project enhancements

### Operations Director

Sep 2011 to May 2015

A wide-ranging role managing various aspects of the internal operations at Market Metrics, including:

- Project management and resource allocations
- Professional development of employees and promotion recommendations

### Associate

Jan 2007 to Sep 2011

- Led development of a completely new syndicated research study that examined employee satisfaction and productivity
- Led the launch of Market Metrics' first research outside of the U.S.
